

## Application for Oncology Massage Alliance Educational Stipend

The Oncology Massage Alliance (OMA) offers an Educational Stipend to assist qualified licensed massage therapists (Applicant) toward advanced training programs and/or continuing educational units in oncology massage therapy. The purpose of the Educational Stipend is to provide financial assistance for oncology massage therapy education, training, travel and/or travel-related expenses to qualified licensed massage therapists.

Any licensed massage therapist may apply for financial assistance for the sole use toward continuing education classes in Society for Oncology Massage approved oncology massage training programs and/or travel costs to said events.

In accordance with the Contract between OMA and Independent Contractor (Contract), the therapist who receives such a stipend and thus becomes an OMA oncology trained massage therapist will agree to provide massage therapy services at one of the OMA established oncology treatment facilities for a period of time as defined in the Contract that is agreed upon and signed by both parties.
